

ADVANTAGE TRUCK GROUP ACCESSIBILITY STATEMENT

Advantage Truck Group is committed to achieving the highest level of satisfaction for all aspects of our customers' experiences, including their digital experience. We believe in making our website easy to use for all people, including those with disabilities.

ONLINE ACCESSIBILITY

In order to provide excellent service to all customers, our website aims to provide an accessible experience for users of all abilities. The site is built on a platform using code that meets accessibility standards recommended by the World Wide Web Consortium (W3C) for HTML and CSS, and because of this it displays correctly in current browsers and should do so on future versions. We continue to partner with the website development firm to continually improve the user experience and increase the site's accessibility and usability for everyone, using relevant portions of the Web Content Accessibility Guidelines (WCAG) 2.0, Level AA and other recommendations.

If you need assistance in accessing our website, please contact us so that we can assist you.

Please contact us by phone at 508-753-1200, or by email at info@advantagetruckne.com

If you have specific questions, feedback or concerns about the accessibility of any web pages on the Advantage Truck Group site, contact us at info@advantagetruckne.com or at 508-326-5841 (TTY).
